Forecast for Thursday 13 Jul 2023

Weather: Some bright or sunny intervals along with showers some turning out to be heavy again especially in afternoon over the Nevis Range and the Trossachs. The showers dying out more quickly in the evening.

Chance of cloud-free hill tops above 800m: 80-90%

Low Cloud and visibility: Some low cloud early morning around 600-800m breaking and lifting. Generally cloud above summits from mid morning with only a few patches above 800m in showers. Visibility away from cloud generally good, but locally moderate to poor where heavier showers occur.
